

Map Quest Introduces VAS Roadside For Travel Security

The First Alternative to Annual Auto Club Memberships

Make your holiday travel worry-free at a lower cost than an annual auto club membership. MapQuest gives you peace of mind, with Virtual-Agent Services (VAS) Roadside and the *Roadside Peace of Mind Card*.

How it Works

Annual auto club memberships can be costly and non-transferable. But with VAS Roadside, MapQuest motorists clip the coupon below and travel with security, knowing that if an auto emergency arises, one low, fixed fee will get help.

For just \$69.99 VAS Roadside will:

- Tow your vehicle to an insured service facility
- Changed your flat tire to a spare
- Jump start your battery
- Replenish your gas
- Unlock your vehicle door

All this at any location for just \$69.99!

One Million Motorists and Counting

As the exclusive roadside assistance provider for MapQuest, VAS Roadside received a 2002 Users' Choice award for superior customer service and has completed over one million roadside dispatches, making it the preferred provider of the key auto club membership elements: towing, roadside motorist services and a 24/7 emergency help desk. Best of all you pay only when you use the service.

Put this coupon in your wallet and stop worrying. You're covered no matter what happens.
